

The marketability of a house is very important, and we always want to appeal to the masses when exposing the house on the market. What can you do to improve your marketability?

Take a look at these tips:

Interior:

- Deep cleaning the house
- Cleaning the flooring
- Wash the baseboards
- Washing the walls
- Refreshing the paint
- Repairing holes or knicks in the drywall
- Epoxy the garage floor

Exterior:

- Refresh the paint
- Power wash stucco, siding, cement
- Refresh the landscaping
- Pull Weeds
- Trim Shrubs/Trees
- Cut all vegetation away from the house
- Clean windows & screens
- Paint exterior building (sheds, etc.) to match or correlate with exterior of house

We'd love to schedule a time to get together with you to discuss some options to improve the marketability of your house. Call us today!
